one of the best ways to
meet our Kyoto commitments."

Ken Taylor

Organic Fruit Trees, Nuts & Berries Workshop

Saturday, April 25
10:00 am - 4:00 pm
St. Lawrence College
Kingston Campus

-  Learn to grow your own fruit, berries and nuts
-  Get advice from one of the leading experts in Eastern Canada
-  Participate in the tree **auktion** at the end of the workshop and take home a wide variety of organic fruit & nut trees or berry bushes

The workshop is designed to give general information on growing organic fruits, nuts and berries and is led by **Ken Taylor** of Windmill Point Farms. Ken is one of Eastern Canada's most successful organic fruit, nut and berry stock growers. His family-owned farm near Montreal grows a wide variety of delicious fruit, nuts and berries from around the world. With over 20 years of experience, Ken has found ways to help plants thrive in our climate (Zone 4).

For further information on Ken and his farm please visit:

<http://www.windmillpointfarm.ca/>

Pre-ordering is possible

You may take advantage of Ken's trip to Kingston and pre-order trees from Windmill Point Farms. Please call Ken Taylor directly at (514) 453-9757.

Auction items

The workshop will conclude with an organic fruit, nut and berry tree auction. To give Ken an idea of what items people wish to see at the auction, please complete the auction form. Use the form also to indicate what items you would like to see covered in the workshop as Ken will gear the workshop to participants' interests.

Get inspired by Ken's
"POP" farming philosophy:
Plant only **O**nce then **P**ick forever.

Registration

The workshop fee is **\$45**. There is a sliding scale of \$30 and \$15 for those unable to pay the full amount.

Four ways to register:

1. **Phone** St. Lawrence College at 613-544-5400 ext. 60
